# LAZIZBEK RAVSHANOV

**Backend Developer**

@ lazizravshanov1998@gmail.com    📍 **Ohio, USA**    ⌨ github.com/lazizbekravshanov

in lazizbekravshanov    📞 **+567 801 75 94**

## ABOUT MYSELF

I am a motivated student with insatiable curiosity towards Software Engineering. I learnt different technologies throughout my journey in coding. Even though I have no professional experience, I believe my background and drive make me an ideal candidate for this opportunity.

## EDUCATION

### B.S. in Information Technology
**The University of Toledo**

📅 Sep 2021 – Present

### Foundation in Information Technology
**Pearson BTEC, Cambridge International University**

📅 Oct 2020 – May 2021

### June Pisciner & Student
**42 AbuDhabi**

📅 June 2021 – July 2021          📍 Abu Dhabi, UAE

- Learnt command line interactions, elementary C programming, and elementary algorithms, which are primary fields of focus after The Piscine.
- Worked with teams to get better understanding of graphic programming, algorithms, C-Unix programming, and web programming.

### Student – Junior Python Backend Developer
**Mohirdev.uz**

📅 Oct 2021 – Present          📍 Online

- Learnt the foundation course in Python along with solving problems on Hackerrank
- Learnt Django Full stack web development, starting with simple projects like personal blogs
- Django Restframework for high usability and authentication policies
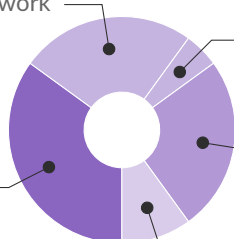

## A DAY OF MY LIFE

- Sleeping & dreaming about work
- Working out & self-purification
- Studying at university & preparing for exams
- Writing blog posts
- Learning new skills & reading books on self-improvement

## LIFE PHILOSOPHY

*"Life is like riding a bicycle. To keep balance, you should keep moving."*

## MOST PROUD OF

🚩 **International experience**
in the UAE and USA

💗 **Persistence**
I have that keeps me move forward no matter what problems I face

🐾 **Communication skills**
I gained working/studying with different people who come from different parts of the world

📈 **Fast learning habits**
I created during my attendance in 42 AD coding network

## STRENGTHS

| Hard-working | Loyal |
| Ambitious |

| HTML5, CSS3, Javascript, DOM | Python |
| Django | Django Rest Framework |
